

## **ADDENDUM NO. 2**

**PROJECT:**

CARTS RFP-2021-137-AC

**ISSUED:**

Tuesday, December 21, 2021

---

This addendum amends and thereby supersedes the RFP on the referenced project.

---

Item #1 - The RFP has been changed to allow the inclusion of access control systems other than the UniFi Access system by Ubiquiti, Inc. In addition to a proposal for the UniFi Access system, proposers may also submit a proposal for an alternate access control system from another manufacturer. The alternate system must have feature parity with the UniFi Access system including the following features,

1. A centralized programming interface accessible from multiple locations.
2. Credential readers that accept PIN and radio frequency badge credentials.
3. Ability to use cell-phone based credentials to gain access.
4. Ability to set multiple "hold open" or "unlock" schedules for doors.
5. Ability to set calendar-based Holidays that would override "hold open" schedules.

Proposals including an alternate access control system will need to include the replacement of the existing access control systems at additional facilities. Those facilities are; Bastrop, Eastside Bus Plaza, and the existing access control system at Georgetown.

Item #2 - Updated facility floorplans showing the location of IDF rooms has been requested. This will be provided as an attachment.

Item #3 - The address of CARTS facilities has been requested. Those addresses follow;

**Facility Locations:**

**Taylor**

1103 West Second Street  
Taylor, TX 766574

**Georgetown**

3620 South Austin Avenue  
Georgetown, TX 78626
